CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Pratt & Whitney Plans Are Heard

W. J. Clegg, head of the purchasing department at the Pratt and Whitney Jet Engine plant, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club.

Introduced by A. J. Gamot, program chairman, the speaker made use of comparative statistics to give the Lions an opportunity to visualize the vastness of the P-W plant in Palm Beach County which has 17 acres under roof, 30 acres of parking space, one mile of railroad tracks and eight miles of roads within the grounds. He said the present location was chosen for the plant, first, because it was judged a favorable area for attracting engineers and scientists who make up 50 per cent of the plant personnel and, second, because of its isolation from residential areas that would be affected by the noise emitting from the engine tests. The plant, which is at present devoted to the developing and testing of both jet and missile engines, now employs 2,000 persons and will have a personnel of 3,500 employees by January, 1960, he predicted.

At the business session the club made plans to sponsor jointly with the Canal Point Lions Club a fish fry on the levee at Pahokee Harbor the afternoon of July 4 prior to the big fireworks display in the evening. D. B. Mathis and Duncan Padgett were named co-chairmen in charge of the project together with a committee from the Canal Point club. Boat rides will also be sponsored, with Lewis Friend, chairman, in charge.

Chester Mullis was received as a new member. His induction into Lionism was under the direction of Leonard Dobrow.

Floor Tile Won't Stay In Its Place

Floor tile that won't stick to the Glades office building floor touched off another lengthy discussion among county commission Monday on a possible need for closer supervision on construction jobs.

Last month Commissioner Paul Rardin termed the office building floor as highly unsatisfactory and won approval of the board to call the contractor back on the job to make repairs.

This week, Commissioner Rardin told the commission "the tile is up again." He said 110 tile were replaced one afternoon and by the next afternoon were loose again—"pooched up" was the way the Glades commissioner described the incident.

Rardin said in addition to the faulty tile, leaks were showing up around doors and windows and said he believed an inspector should be hired to supervise the \$375,000 health building which the county plans to construct.

The commission agreed that supervision provided in architectural contracts was not too satisfactory and finally followed Rardin's lead and decided to hire a special inspector to supervise the health building project.

About the Glades office floor tiles, County Engineer Steve Middleton was instructed to contact the tile manufacturer to try and determine the manner in which the flooring could be satisfactorily installed.

East Lake High Bldg. To Roemer

B. A. Roemer of Belle Glade was the low bidder on the new high school building to be erected at East Lake School in Pahokee. School Board Member T. W. Knight said Thursday that plans call for erection of the new high school structure just across Rardin avenue from the present school buildings in Pahokee. Roemer's bid was \$52,471.00. The new field house has already been erected on the property across from the present school buildings.

100 Boys Enroll In 4-H Citrus Institute At Camp Cloverleaf

LAKE PLACID—Over 100 4-H club boys from 17 Florida counties have registered for the Fourth Annual Junior Citrus Institute here, July 20-24.

This is a substantial increase over last year's participation, according to William Mathews, assistant horticulturist with the Florida Agricultural Extension Service.

The one-week school is operated by the 4-H Club boys interested in Florida citrus. The course is open to any 4-H boy with a good club record.

Sponsored by the Chilean Nitrate Educational Bureau of Orlando, and the Southern Dolomite Company, Palmetto, the Institute has four main phases. In addition to classes, tours and recreation, the school has a down to earth, practical side.

When the Institute first opened four years ago, the first class planted a citrus demonstration grove. This grove has been maintained each year as the Institute grew.

Many of the boys who attended the first session and helped plant the grove will return this year to carry on the work. "In fact," says Mathews, "about 30 percent of this year's class is made up of boys returning for their second, third or even fourth year."

Because of this, sessions will be split this year with separate classes for beginners. Daily schedules will include classes in all phases of citrus work. Classes at the Camp Cloverleaf school will be conducted by specialists from the Extension Service.

Relatives Attend Funeral In Georgia

Relatives from Pahokee who attended funeral services for Ralph Chastain in Atlanta, Ga., on Thursday of this week included his mother, Mrs. Mattie Chastain; brother, Cecil Chastain, and brother-in-law and sister, Mr. and Mrs. E. L. Pope. Mr. Chastain was found dead in his bed in Tennessee on Monday. In the past he spent several weeks in Pahokee and assisted his brother, Cecil Chastain, in establishing Cecil's Restaurant, on Lake Ave.

JOHNNY IS ELECTED

Johnny Smith, son of Mr. and Mrs. R. T. Smith of Canal Point, who is attending Boys' State in Tallahassee this week has been elected a member of the mythical House of Representatives.

New Subdivision For Pahokee Homes

A plat of a new proposed subdivision to be known as Observation Heights, adjoining Verville subdivision on the East, submitted for approval of the Pahokee City Council by Luke Fraser at the regular meeting of the Council Monday night. It was tentatively voted to accept the plat if minor changes are made.

W. S. Esterbrook was authorized to study the present system of house numbering and street designation in Pahokee and recommend what changes should be made, if any, to make the system compatible with the Postoffice Department's requirements for the establishment of local city mail delivery service. The Postoffice Department is currently making a survey of the community to determine whether or not such service can be established in Pahokee at the present time.

The bid of James B. Clow and Son, Inc., of Birmingham, Ala., was accepted for the city's purchase of 1,400 feet of 8-inch water main pipe at 2.685 per running foot.

The Council voted that the city charge a flat rate of \$1.50 a month, 12 months a year, for the mowing of vacant lot with city equipment. Payment of \$185 to the Modern Sign Company for a new electric sign at the waterworks plant was authorized.

Following the passage of a special bill in the last State Legislature, City Attorney Ralph O. Johnson was instructed to draw up an ordinance in which the city will offer a maximum reward of \$100 for information leading to the arrest and conviction of persons who destroy city property.

Upon request by Jean Bacon, cookmaster at Pahokee Harbor, the Council agreed to have the city assist Bacon in the maintenance of public rest rooms servicing the Harbor area. The city will furnish the labor for keeping the rest rooms clean and Bacon, the supplies.

Lions Fish Fry On Fourth Of July

Canal Point Lions at their weekly dinner meeting Monday night voted to join the Pahokee Lions Club in the joint sponsorship of fish fry on the levee at Pahokee Harbor on July 4. The invitation from the Pahokee Club for the Canal Point Club to share in the project was presented at the meeting by Duncan Padgett, J. W. Repper, past president of the Canal Point Club, and Mrs. Repper, who was a dinner guest, were honored in recognition of their 24th wedding anniversary. Mr. Repper presided at the business session in the absence of President H. H. Sears.

"County Affairs" Is Rardin's Topic

Paul Rardin, vice chairman of the Palm Beach County Board of Commissioners, spoke on "County Affairs" at the Thursday luncheon meeting of the Pahokee Rotary Club and answered questions from the floor following his talk. Elmer Jones was in charge of the program. C. E. (Bill) Williams, president-elect, who assumes duties of office July 1, announced the appointment of new standing committees for the coming year.

State Club Council Installs Perry 4-H Girl As New Leader

TALLAHASSEE — Sara Helen Steen of Perry is the 1959-60 president of the State Girls' 4-H Council. She was elected and installed at the girls' 44th annual short course held at Florida State University, according to Miss Anna Mae Sikes, state home demonstration agent.

Other officers of the state-wide 23,000 member organization are: Christie Archibald, Ft. McCoy, vice president; Jackie Wilson, DeLand, recording secretary; Delores Smolney, Brandon, corresponding secretary; Nelda Gaines, Cantonment, treasurer; Carol Ann Lyons, Live Oak, historian; and Joan Converse, Arcadia, parliamentarian.

State delegates elected and installed at the traditional candle-lighting ceremony are Mary Ann Galant, Hollywood, Martha Richards, Apalachicola, and Roberta Kany, Crescent City.

An array of homemaking and leadership classes was taught at the week-long short course by university personnel and members of the Florida Agricultural Extension Service state staff.

Among other events was a career survey. It revealed that the young ladies are eyeing many professions, including traditional male occupations such as veterinary medicine and architecture. But the most popular choices included nursing, teaching and homemaking.

Water Pollution Studied By State

JACKSONVILLE—State Health Officer Wilson T. Sowder, advised recently that he had requested phosphate plants in the state to fill out detailed forms to determine if any damaging substances are being discharged by their plants to cause air pollution.

The controversy over air pollution has been raging in Polk County for a number of years and representatives of both the cattle and citrus industries claim damage to their cattle and groves from air pollution of phosphate plants.

Mr. and Mrs. J. H. Bordeaux plan to leave Saturday for a three weeks vacation. They will visit in Georgia, North Carolina and Philadelphia, Penn., and other points of interest.

Mr. and Mrs. D. B. Kepp plan to leave during the weekend to visit relatives in South Carolina, then return to Naples for an extended vacation.

Mounts Sizes Up The Year's Farming

A bright picture for most of Palm Beach County's agricultural and cattle interests was painted Monday by County Agent M. U. Mounts in a report to the county commission on general agricultural conditions.

Mounts described the agricultural situation in the county as "hetic" this past year and said with the exception of egg producers, poultry raisers and celery growers, most of the other vegetable and meat growing sections had made money.

Beef cattle, Mounts said, have shown a prosperous year with weekly sales at Belle Glade pushing close to the top of sales throughout the state. He said sales bring in about \$100,000 weekly.

The county's dairy business is sound, Mounts said, but noted some dairies are moving into Martin County because of large developments which are taking over pasture lands.

Ornamentals and flowers, he said, "are doing very good." Report on the county's vegetable production, John Causey, Assistant county agent, predicted an all-time record year for shipments to market. About 26,000 carlots have already been moved from the Glades according to a state market report.

The "lonely little radish," Causey said, has accounted for about 1,700 carlots of the total record.

Mounts told the commission there appears to be an opportunity for county growers to take part in a major processing project of canning Glades grown leaf vegetables. Researchers are now working on preliminary surveys, he said.

Agricultural conditions in Palm Beach County are good, Mounts said, "we've made money."

Shady Business Calls For Open Eye

Statewide efforts against shysters on men and other shady business operations will be discussed at a meeting of Better Business Division directors from all over the state in Orlando today.

The meeting has been called by C. A. Still, director of the Greater Orlando Chamber of Commerce Better Business Division. Still will host the directors at a luncheon at the San Juan Hotel.

"The purpose of the meeting is a one day conference to familiarize all Better Business Divisions with their responsibilities and efforts on a statewide basis and to exchange ideas so a collective effort can be made against shysters, on men and others detrimental to the best interests of Florida communities," Still said.

Better Business Divisions function in several Florida cities. They keep tabs on all business operations, and bring pressure against unethical individuals and firms. They also work for a better understanding between customer and seller.

Those who will attend are: A. W. Lee, Jacksonville; Art Towle, Ft. Lauderdale; Charles Craig, Miami; Marge Norman and Bert Reams, Daytona Beach; Mario Trejo, Tampa; Ellis Shively, St. Petersburg; and Jim Sumpter, Key West.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Rebuilding of Lake Worth Road and relocation of Boynton Beach West Road—two projects which have been pushed for months by the county commission, both came up for action at Monday's board meeting.

In both cases, the projects were rapidly approaching a stage where the State Road Department could call for bids on the work.

Final right of way for both projects were gained this week by the board and the commission instructed that immediate steps be taken to get the projects underway. A court order completed procurement of right of way for the Lake Worth project and a land owner settlement completed the right of way procurement for the Boynton Beach road.

In other actions on county road projects, the commission Monday: Authorized a call for bids for repaving Swinton Ave., in Delray

Beach at an estimated cost of \$27,000.

Approved a right of way appraisal for rebuilding a section of State Road 27 in the Glades.

Heard that appraisers had been appointed by circuit court in a condemnation suit for right of way for Lake Shore drive in Canal Point.

Authorized a transfer of \$11,000 to the Glades Paving fund. The fund transfer was asked by Commissioner Paul Rardin who said the money had been set up for construction of two small road projects but wet weather prohibited doing the work now. He said the funds could be used for resurfacing present Glades roads. Received a request from the Lake Worth Chamber of Commerce for early resurfacing of Lake Ave. between A1A and the FEC railroad—a project which the commission agreed to put in a high priority spot in the state road budget.

Small Loan Group Studies Economy

MIAMI BEACH—Speaking at the annual meeting of the Florida Consumers Finance Association here recently Paul L. Selby of Miami D. C., a national small loan executive, termed the American family in sound financial shape.

He pointed out that the assets of American families today are vastly greater than their debts.

"It is almost unbelievable but true that the American family has a ratio of about 20 to 1 in current liquid assets over current liabilities," Selby stated.

These family assets include cash and bank deposits, savings, loan, insurance and pensions.

Approximately 500 Florida small loan executives attended the meeting.

3 R's Still Head Important Laws

PENSACOLA—State representative Reuben Askew, speaking before the Pensacola Civitan Club recently termed the main issues on legislation as the three R's. Race, revenue and reapportionment.

He considered the race legislation passed as constructive, highlighted by the broadening of the pupil assignment law.

On revenue he said no new taxes were added but the sales tax as extended to cover beer, whiskey and wine purchased for off-premises consumption. He estimated that this would provide an additional \$28 million over the next two years.

Mrs. Jack Bush honored Mrs. Jack Thomas Wednesday afternoon with a stork shower. The guests were entertained on the lawn. Delicious refreshments of German chocolate cake, pound cake and coffee were served to about 20 guests.

Rogers Plan To Halt Power Held By Federal Laws

Congressman Paul G. Rogers today presented a statement on the House Floor in favor of H. R. 3, a bill governing the interpretation of Federal statutes as they apply to State statutes on the same subject. H. R. 3, which is similar to a proposal offered by Mr. Rogers, is designed partly to implement recommendations made by the American Bar Association relative to combating the Communist menace and partly to check further encroachment on the jurisdiction of the States. A similar measure passed the House last year by an overwhelming margin only to fail by a single vote of passage in the Senate.

Specifically, the measure includes a provision for the concurrent enforcement of State and Federal anti-sedition statutes. This provision was prompted by a recent Supreme Court decision declaring, in effect, that the States were powerless to punish acts of sedition under their own laws because the Federal Government had pre-empted that area of law enforcement. The key provision of the bill, however, provides that no act of Congress shall be construed as indicating an intent on the part of Congress to operate the field in which such act operates to the exclusion of State statutes on the same subject matter, unless there is an express provision to that effect or unless the two statutes are clearly inconsistent.

In discussing these areas of concurrent jurisdiction, Mr. Rogers noted: "Any student of government realizes that the Congress has the authority to enact any law deemed necessary and proper to implement or carry out its delegated power. The history of the development of our Constitutional law indicates quite plainly that the Congress has frequently asserted its admitted supremacy in this area of the concurrent exercise of Federal and State authority. The real problem arises when an attempt is made to determine whether Congress intended to exercise its extensive power without expressly saying so. Judicial pronouncements in this connection have succeeded in muddying the water to such an extent that both State and Federal authorities frequently find themselves in a quandary as to the best way to proceed in a given situation."

Mr. Rogers concluded by calling for a legislative guide or "clear, unequivocal language" for our judicial tribunals to follow in determining congressional intent whenever questions of pre-emption arise, rather than leaving the question to judicial "surmise and conjecture."

Personal Items

Mr. and Mrs. Philo B. Williamson were visitors in Fort Pierce and Vero Beach Monday.

Mrs. Robert Smith and daughters, Sandra and Carol Ann, of Grosse, Ill. Mich., are expected to arrive in Pahokee this week for a month's visit with her mother, Mrs. Helen Schroder.

Miss Jane Ryals is vacationing at the home of her brother-in-law and sister, Mr. and Mrs. Ted Beck, in New Orleans, La.

Fellowship Dinner Held On Sunday

Members of the Canal Point Methodist Church held a fellowship dinner on the Community Building grounds in the Glades Park Sunday following the morning worship hour, honoring their pastor, the Robert A. Shelley, and family. Mrs. Donald Kepp and members of her Christian social relations committee of the WSCS were in charge of arrangements.

SELL LOW PRODUCING COWS FOR SLAUGHTER

GAINESVILLE—With beef cattle prices on the increase, Florida dairymen should act now to select dairy cows for slaughter as beef animals, advises Dr. Ralph Eastwood, marketing economist with the Florida Agricultural Extension Service.

The outlook is bright for dairymen willing to make necessary changes to keep production costs down and efficiency up. But Eastwood advises dairymen to dispose of low-producers during the next few months.

Bob McQueen returned recently from Eastman, Ga., where he was called by the death of his mother; Mrs. George D. McQueen, 59. His family remained in Eastman for an extended visit with relatives.

Miss Linda Sellers has returned to Pahokee following her graduation from the Vocational Education School of Beauty Culture in West Palm Beach and is now employed as hair stylist at Ruby's Beauty Shop.

Salute to FLORIDA COUNTIES

INDIAN RIVER
COUNTY
County Seat,
Vero Beach

INTERNATIONAL

HIBISCUS FLOWER SHOW

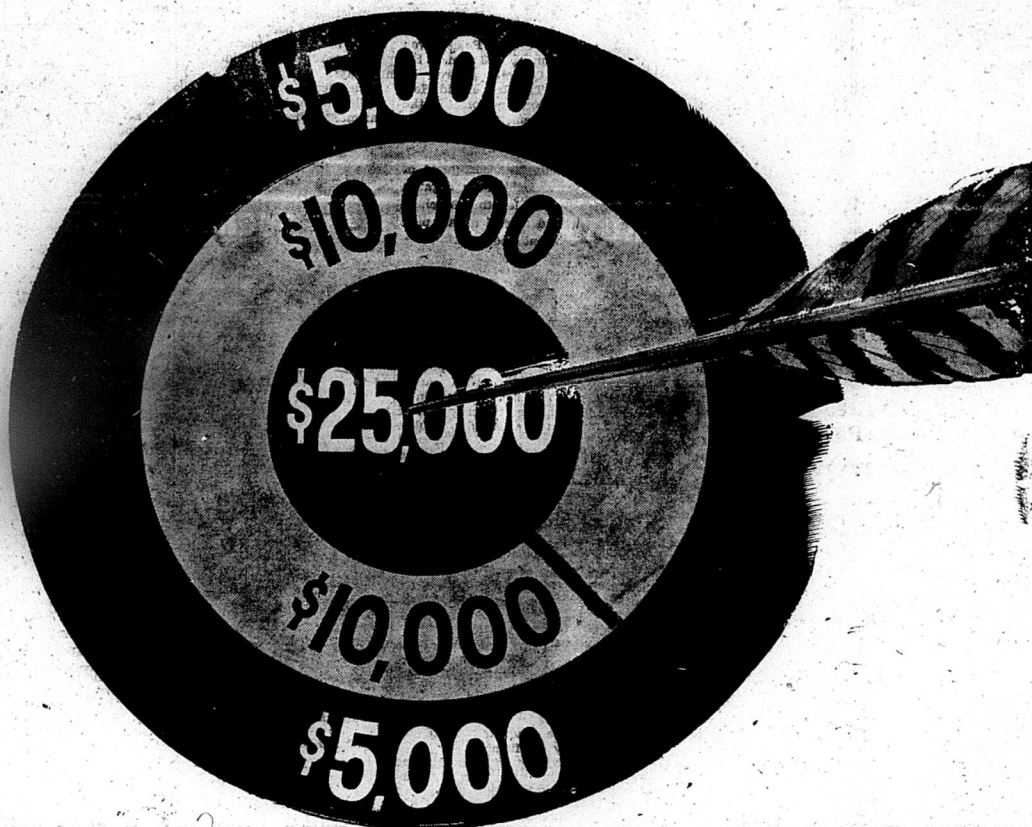

A warm climate, easily accessible beaches and other natural resources attract thousands of tourists annually to Indian River County. Award-winning citrus, including tropical fruits which bring high prices from northern markets, are a principal source of income. Along with tourists, farming, cattle-raising, sugar production and commercial fishing. Formed in 1925 from St. Lucie County, it was named after the Indian River. Each June, in County Seat Vero Beach an annual Hibiscus Festival is climaxed by the International Hibiscus Flower Show.

In progressive Indian River County and throughout Florida, the United States Brewers Foundation works constantly to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing "self-regulation" program.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 9 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$6668.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks for their generous donation, the Advertising Council and

The Everglades News

PAUL RARDIN, Publisher

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$30,000.

Now even better! Invest more in Savings Bonds!

MISS CAROL RUTH CARPENTER

Miss Carol Carpenter To Wed D. Borgnaes

Mr. and Mrs. O. Daniel Carpenter of Pahokee, announce the engagement of their daughter, Carol Ruth, to Dan Borgnaes, son of Enock Borgnaes and the late Helen Borgnaes, of New York City.

Miss Carpenter, a graduate of Pahokee High School, attended Wesleyan College, Macon, Ga., and Aspen School of Music, Aspen, Colorado. She received her Bachelor's degree in Music from Florida State University last February, and is

now working on her Master's degree in Music History at F. S. U.

Mr. Borgnaes lived in Copenhagen, Denmark as a child, was graduated from Concordia Collegiate Institute in Bronxville, N. Y., and entered the U. S. Airforce where he served for four years in the Pacific theatre and England. He attended New York University and is presently attending Florida State University where he is majoring in Chemistry.

The wedding will be an event of August at the Pahokee Methodist Church.

Mr. and Mrs. O. H. Chastain and family left Monday for a two weeks vacation at Marathon.

Sean Nye has returned to his home in West Palm Beach after a week's visit with his grandparents, Mr. and Mrs. Richard Hurt, in Pahokee.

Richard Funderburk, son of Mr. and Mrs. A. E. Funderburk, is ill at his home in Pahokee this week with the mumps.

Mr. and Mrs. Bill Easterly and son, Lee, spent the weekend visiting her father, George Cason, and other relatives in LaBelle.

Sharon Reed, daughter of Mr. and Mrs. Eugene Reed, has returned home from St. Mary's Hospital, West Palm Beach, where she was a patient for a week.

Mr. and Mrs. Leon Guthrie had as a guest the past week their granddaughter, Linda Gail Williams, of Moore Haven.

Mr. and Mrs. Bobby Mackey and daughter of Zellwood visited his parents, Mr. and Mrs. R. B. Mackey, and family in Pahokee Sunday.

Mr. and Mrs. M. G. Rogers were accompanied back to their home in Hialeah following a weekend visit with Mr. and Mrs. Raymond Taylor in Pahokee by Mrs. Taylor who is a guest of the Rogers this week and will be joined there by Mr. Taylor Saturday night.

Mrs. Charlie Stuckey and children spent the past week in Miami visiting her sister, Mrs. Leonard Strickland, and brothers, Alvy, W. C. and P. Summerall and families.

Mr. and Mrs. I. S. Guthrie had as guests Sunday their son and daughter-in-law, Mr. and Mrs. Norwood Guthrie and children; also their granddaughter, Miss Marcia Jean Guthrie, and Miss Phoebe Sue Perkinson, all of Miami.

Mrs. Lily Register has returned to her home in West Palm Beach from a visit with Mrs. Nola B. Smith in Pahokee.

Mr. and Mrs. M. R. Barfield have as guests her brother-in-law and sister, Mr. and Mrs. W. M. Dockens, and family of Brevard, N. C., and Mrs. H. R. Dixon of Augusta, Ga.

Among those attending the Strauss-Williams wedding in the Joan of Arc Catholic Church at Boca Raton Sunday afternoon were the bridegroom's parents, Mr. and Mrs. J. E. Williams, and sister, Miss Velma Williams, of Canal Point, his sister, Mrs. John S. Nelson, of St. Augustine; also Mrs. Anderson Chastain and Suzanne Chastain, of Canal Point and Mrs. J. T. Platt and daughter, Judy, of Pahokee, also Betty Jean Clark of Pelican Lake.

Mrs. Tommie Lee DuBose is spending a vacation with relatives in Columbus, Ga., and Goodwater, Ala.

Mr. and Mrs. Frank Willis and daughter, Nina, of Hampton, Va., who have been the guests of his brother and sister-in-law, Mr. and Mrs. C. G. Willis and family in Pahokee; are leaving this weekend for Jacksonville where they will visit another brother, Byrd Willis, and family before returning home.

Mr. and Mrs. A. E. Funderburk have as guests this week his brother-in-law and sister, Mr. and Mrs. Colos Coursey, of Statesboro, Ga.

Mr. and Mrs. Robert Weeks of Miami were the weekend guests of his parents, Mr. and Mrs. J. G. Weeks in Canal Point.

Hunter and Homer Latham were weekend guests of their brother and sister-in-law, Mr. and Mrs. James Latham in DeLand.

Mr. and Mrs. Will Nason have returned to their home in West Palm Beach after a wedding trip in Nassau.

Mr. and Mrs. C. B. Jones and son, Alton will return home Saturday after spending two weeks vacation with relatives in Georgia.

Johnnie Smith, son of Mr. and Mrs. R. T. Smith of Canal Point and Joey Alderman, son of Mr. and Mrs. Joe Alderman of Pahokee will return home Saturday after attending Boys' State in Tallahassee.

a castle in the air costs nothing
—but you can't live in it!

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative, semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,948.35 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—Join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly whenever you bank. Start now to make your dreams come true!

If you want your interest at current income, ask your bank about Series H Bonds, which pay dividends annually by Treasury check.

Choose your own savings goal

	If You Save Regularly		
	\$5.00	\$10.00	\$25.00
Subtract 10¢ from pay each week	\$5.00	\$10.00	\$25.00
Subtract 10¢ from pay only 5 months	\$5.00	\$10.00	\$25.00

This chart shows only a few typical examples of savings goals and the amounts that can be saved. For more information, ask your bank or the nearest Payroll Savings Office.

Arlene Batchelor Weds G. W. Rashley

In a setting of white gladioli and palms the wedding of Miss Ollie Arlene Batchelor, daughter of Mrs. Ollie H. Batchelor of Pahokee, and George W. Rashley, son of John W. Rashley, Sr., of Belle Glade, was solemnized in a candlelight ceremony at the Pahokee First Baptist Church Sunday, June 21, at 3:30 p. m., with the Rev. James E. Boyd, pastor, officiating.

Miss Jill McIlwain, organist, played the traditional wedding marches and accompanied Mrs. U. V. Malcolm of Belle Glade as she sang, "O Promise Me", "Perfect Love" and "The Wedding Prayer."

Given in marriage by her uncle, W. P. Culberson of Pahokee, the bride wore a floor-length gown with lace bodice, long sleeves and low scalloped neckline. The bouffant skirt of taffeta and nylon tulle was partly overlaid with lace scallops descending from the waist. The fingertip veil of French illusion was attached to a crown of seed pearls. Her only ornament was a single strand of pearls, a gift from her mother. She carried a bouquet of white carnations and tuberoses centered with a white orchid.

Mrs. Virginia Tuberville of Canal Point, cousin of the bride, as matron of honor wore a floor-length gown of red taffeta trimmed with chiffon at the neckline and carried a bouquet of white carnations. Bridesmaids were Miss Elizabeth

Claridy of Greenacres City and Miss Patricia Batchelor of Pahokee, both cousins of the bride, whose gowns were identical in styling and color to that of the matron of honor. The junior bridesmaid, Miss Nancy Ellen Rashley of Belle Glade, daughter of the bridegroom, and flower girls, Kay Stapler of Pahokee, niece of the bride, and Beverly Anne Rashley of Belle Glade, daughter of the bridegroom, also wore gowns styled identical to that of the matron of honor but of an ivory color.

John W. Rashley of Belle Glade served as his brother's best man. C. L. Todd and C. H. Cooper, both of Belle Glade, were ushers and Buddy Culberson of Pahokee, nephew of the bride, junior usher.

For her daughter's wedding Mrs. Batchelor wore a tailored dress of rose pink lace over taffeta with matching jacket and beige accessories.

At the reception in the Woman's Club building following the ceremony Mrs. Oliver Stapler, sister of the bride, was at the bride's book. Serving at the refreshments table were Mrs. Willie McCormick, Mrs. Barbara Elrod, Mrs. Chester Batchelor, Miss Melba Curlee and Miss Shirley Culberson. Mrs. G. C. Stapler and Mrs. W. P. Culberson also assisted.

Out-of-town guests were Mrs. and Mrs. Roy Stamps, Mr. and Mrs. Willie McCormick and Mr. and Mrs. James Stamps, Fort Lauderdale; Mr. and Mrs. W. E. Culberson, Mrs. Rosa Curlee, Miss Melba Curlee and Miss Elizabeth Claridy, West Palm Beach; Mr. and Mrs. W. O. Stamps and Mr. and Mrs. Charles Stamps, Miami; Mr. and Mrs. Charles Newman, Clewiston; Mr. and Mrs. J. H. Newman, Lake Harbor.

The bride, a graduate of Pahokee High School and Charron-Williams Commercial College, Miami, is employed in the offices of Southern Bell Telephone and Telegraph Co., Belle Glade. Following a wedding trip within Florida, the couple will make their home at 249 N. W. 5th St. in Belle Glade where he is associated with Glades Dry Cleaners.

Miss Strauss Is Wed To Mr. Williams

The marriage of Miss Jo-Ruth Strauss, daughter of Mr. and Mrs. Charles J. Strauss, 16 Enfield St., Boca Raton, and John E. Williams, Jr., son of Mr. and Mrs. John E. Williams of Canal Point, was solemnized Sunday at 3 p. m. at St. Joan of Arc Catholic Church in Boca Raton. The Rev. David Heferman, pastor, performed the double ring ceremony.

Mrs. J. R. Schoenfield was organist.

Miss Connie Morrison, matron of honor, wore a turquoise organza gown ballerina length, matching headband and carried a pale pink carnation colonial bouquet.

Best man was John E. Williams, Sr., of Canal Point. The usher was Charles A. Strauss.

Given in marriage by her father, the bride wore a long sleeved, white imported Chantilly lace over taffeta gown, made with scooped neckline, basque bodice, pleated taffeta cummerbund with bustle back, the full skirt ending in a chapel train. Her fingertip veil of silk illusion was attached to a Juliet cap of lace and pearls. She carried white feathered carnations and tuberoses.

Mrs. Strauss, mother of the bride, wore a semi-sheer bluegreen print dress and a yellow mum corsage.

Mrs. Williams, mother of the bridegroom, wore a beige lace gown over pink taffeta and a pink carnation corsage.

A reception was held at De Carlos Restaurant in Boca Raton immediately following the ceremony.

The bride is a graduate of the Wheeling (W. Va.) Hospital School of Nursing and St. Francis School of Anesthesia, Pittsburgh, Pa.

Mr. Williams was graduated from Marion (Ala.) Military Institute and will be graduated from the University of Miami.

Out-of-town guests were Mr. and Mrs. Charles A. Strauss of Washington, D. C., brother and sister-in-law of the bride.

\$4 Billion Reported New Construction

JACKSONVILLE—The Florida State Chamber of Commerce reports that over \$4 billion worth of construction has gone up in Florida during the past five years, of office buildings, manufacturing plants, government buildings and highways.

Construction includes 287,000 dwelling units, homes, duplex and apartments. Florida ranked fourth among the states in housing construction. While housing construction throughout the nation dropped in 1956 and 1957 Florida construction continued steady.

Special Group To Continue Work

TALLAHASSEE—A legislative interim committee was continued to study alleged Communist infiltration of the NAACP. Reappointed to the committee by Speaker Beasley were W. C. Herrell of Dade. Serving with him will be the Ben Hill Griffin, Jr. of Polk, John Matthews of Duval and William G. O'Neill, Jr. of Marion.

Senate president Dewey Johnson appointed Sen. Charlie Johns of Starke, Randolph Hodges of Cedar Keys and H. H. Hair to the group.

You get the BIG comfort dividends in your 59 FORD...

Some cars' door openings aren't shaped to fit people! So you have to squirm and wriggle... make your body conform to the car when getting in and out.

To gain a low roof line, some cars end up with higher floor "humps" and thinly padded rear seats... a combination that's mighty rough on the middleman.

The squeezed-down, skimpy roofs of some cars aren't comfortable even for bare-headed riders. And they don't keep out excessive sunlight and glare.

NO SQUIRM

Doors in 59 Fords are wider—up to six inches wider—and door openings are contoured to fit you! You get in and out of a Ford with greater ease and comfort. The girls really like Ford's doors... for more graceful entries and exits.

NO SQUEEZE

Fords have useable seating space for six big people. The driveshaft tunnel is lower and rear seats are deeply cushioned all the way across. This means more comfort for all passengers... especially for the man in the middle.

NO SQUASH

See how much more head room Ford has. Even big six-footers sit up straight without touching the roof. And Ford's big roof protects all passengers, in both front and rear seats, against the discomforts of excessive glare and heat from the sun.

Greater comfort is only the beginning of the dividends you get in a Ford. You get the World's Most Beautifully Proportioned Car. You get a big dividend in Ford prices... the lowest of the best-selling three. And you get saving dividends that cut costs every mile you drive. See and Action Test a new Ford at your Ford Dealer's. See how you can go finer... with more comfort... for less... in a new Ford!
